

Autumn on the way

Photo – Helene Rattin

Another abundant harvest has made all that watering over the Summer seem worth the effort. Highlights include both green and black grapes, and Oscar's marvellous potatoes - first prize at the Flower Show! We still have worries – how do we use less water? How can we enrich our soil in nature-friendly ways? Lots of lively discussions to be had, and mulching keeps on coming up. It's the people that make it fun, all ages, all with wonderful things to contribute. And time to chat remains a top priority. Bring along a drink and join in.

Busy hands at our Summer activities

Diary Dates

Saturday 8th October 9am-12pm

Work party – pond development

Saturday 19th November 12:30pm

Harvest lunch – details to follow.

Important decisions

Garden Sessions

Mondays 10am – 12pm

Session with a young family focus. Waiting list at the moment, contact Maria for more info.

Open to all to visit or volunteer on:

Wednesdays 1-4pm

Thursdays 1-4pm
